DELMARE® | FX LUMINAIRE®

CLASSIC LINES, TIMELESS CONSTRUCTION

For those who appreciate the best, this pathway light is designed for both high performance and style. The strong, linear lines of the DelMare® will complement any landscape by day and bring it to life at night.

This patent pending luminaire is the best choice for the client who wants a flawless design that will make a long term contribution to their garden. Using high output long life halogen lamps reduces operating and service costs.

All FX copper models are well suited for coastal exposures or areas where irrigation water contains high levels of mineral or caustic salts.

The copper will patina naturally over time and can be accelerated with solution spray. For patina formulas visit our website at: www.FXL.com/learning/patina.htm

THE HARMONY OF PATINA

The most successful gardens are a harmonious blend of organic materials. The FX copper line is the perfect match to wood, masonry, and plant materials since the natural patina process allows each fixture to melt into its backgrounds.

Compare FX copper luminaires with any other, and you will find a dramatic difference in quality of materials, precision of fit and consistency of finish.

DELMARE® – ORDERING INFORMATION
